

Edison Junior High
S.I.L.T.
12/11/07

Members present: Linda Norman, Candi Hallam, Dan Rees, Darlene Curry, Traci Guenther, Len Ealey, Bill Heisel

Informational Item 1: Len informed us that due to receiving the RESPRO grant, Edison School may send two people to the NCLB State Conference to be held February 6-8 at the Chicago Sheraton. The two people would be selected through an application process. Len will send the information and criteria to the staff and discuss it at the staff meeting on December 12, 2007.

Informational Item 2: The March to March 3. What can we do (25 days) during enrichment to be ready for ISAT? Discussion will take place at the staff meeting on December 12, 2007.

Discussion Item 1: Team plans for the week prior to Winter Break. Dan reported that Team I would have some students participating in a Choral Reading presentation that Mrs. Dinkins is hosting. The remainder of the students would be watching an educational video. Traci reported that Team 4 would also have some students participating in the Choral Reading program and the remainder would either watch an educational video or play educational games. Teams 2 & 3 were not represented at the meeting.

Other issues: Linda requested that each team give her ARC data.

For Ed Performance testing in January, there will be two sites. One will be in the learning center and the other using a wireless lab at a place to be selected by the staff at the meeting on December 12, 2007.

Bullying surveys? Currently in process. Len commended Candi on her pro-active approach and stated that her plan of action has been noted at district cabinet meetings.

S.I.L.T. will meet after school on Wednesday, December 19 to select the two who will be attending NCLB.

The meeting was adjourned.
