March, 2003 NEWSLETTER

Please enjoy this fine example of student work!

Do you know who my favorite hero is? It is the Green Lantern because he helps people if they are in danger, he will take the bad guys to jail and if a car falls over he will flip it right back over with his magic ring!

First, the Green Lantern helps people if they are in danger. If a bad guy says, "Give me your money or I'll pound you!" the Green Lantern would use his magic ring. It will make the bad guy float in the air. The Green Lantern would get him away from the nice man. The Green Lantern is very nice to good people.

Next, the Green Lantern would take the bad guys to jail. If somebody broke into a store and is robbing people, WHOOPEE! In comes the Green Lantern. "All right! You guys are going to jail." "You are nice," said someone.

Also, the Green Lantern is a hero because if a car is tipped over, he would flip it over again with his magic ring. He could flip any car over if they were on the wrong side. He is a real hero!

Finally, the Green Lantern is my hero because he helps people if they are in danger, he will take the bad guys to jail and he will flip over any car if it's on its side. He is my hero! Nobody is better than the Green Lantern.
