Resource Conservation

The School District will conserve energy resources by:

- full utilization of materials prior to disposal;
- limited use of disposable materials;
- limited use of non-biodegradable products;
- participation in recycling programs;
- establish and maintain an energy conservation program that is developed by the superintendent and monitored as part of the administrative procedures.

The Superintendent shall develop procedures for purchasing recycled paper and paper products in amounts which will, at a minimum, meet the requirement of The School Code.
