Subject: Community Questions

As you might imagine, I receive many requests to respond to questions about District 108. While developing responses takes a great deal of time, we do our very best to reply in a timely and thorough manner. Many of the questions we receive are very insightful and I believe could assist others in understanding the operations, successes, and challenges of District 108. With this, I have created a "Community Questions" web page where I will post questions and responses that are received. This page will be updated as time allows. I encourage you to visit this page and learn more about District 108's efforts to serve the children, employees, and entire Pekin Community. You can view this page at <http://www.pekin.net/pekin108/css/CommunityQuestions.htm> (see directions below if this link does not work).

I encourage you to visit this page and submit additional questions you may have that could help you or others understand the work going on in District 108.

Thank you,

Don
