Resource Conservation

The Superintendent or designee shall manage a program of energy and resource conservation for the District that includes:

1. Periodic review of procurement procedures and specifications to ensure that purchased products and supplies are reusable, durable, or made from recycled materials, if economically and practically feasible.
2. Purchasing recycled paper and paper products in amounts that will, at a minimum, meet the specifications in The School Code, if economically and practically feasible.
3. Adherence to energy conservation measures.
