Getting sick is never convenient, and finding time to get to the doctor can be hard. Blue Cross and Blue Shield of Illinois (BCBSIL) provides you and your covered dependents access to care for non-emergency medical issues and behavioral health needs through MDLIVE.

Whether you’re at home or traveling, access to a board-certified doctor is available 24 hours a day, seven days a week. You can speak to a doctor immediately or schedule an appointment based on your availability. Virtual visits can also be a better alternative than going to the emergency room or urgent care center.¹

MDLIVE doctors or therapists can help treat the following conditions and more:

**General Health**
- Allergies
- Asthma
- Nausea
- Sinus infections

**Pediatric Care**
- Cold
- Flu
- Ear problems
- Pinkeye

**Behavioral Health**
- Anxiety/depression
- Child behavior/learning issues
- Marriage problems
To register, you’ll need to provide your first and last name, date of birth and BCBSIL member ID number.

1 In the event of an emergency, this service should not take the place of an emergency room or urgent care center. MDLIVE doctors do not take the place of your primary care doctor. Proper diagnosis should come from your doctor, and medical advice is always between you and your doctor.

2 Internet/Wi-Fi connection is needed for computer access. Data charges may apply when using your tablet or smartphone. Check your phone carrier’s plan for details. Video on-demand consultations for behavioral health are available by appointment. Service is limited to interactive audio consultations (phone only), along with the ability to prescribe, when clinically appropriate, in Texas. Service is limited to interactive audio/video (video only), along with the ability to prescribe, when clinically appropriate, in Idaho, Montana, New Mexico and Oklahoma. Virtual visits are currently not available in Arkansas. Service availability depends on member’s location. Virtual visits may not be available on all plans.
